RECOMMENDED MOTION:

I move to approve the Letter of support for the City of Moab to apply for funding as a sub-applicant of Grand County through either the FEMA BRIC (Building Resilient Infrastructure and Communities) or FMA (Flood Mitigation Assistance) programs.

BACKGROUND

The City of Moab is not considered an eligible applicant under these programs as it does not have a Pre-Disaster Hazard Mitigation Plan in place. However, as Grand County does have an active plan which covers the impacted areas, the City of Moab may act as a sub-applicant of Grand County in pursuing these project scoping funds.
