Re: General plan update working group meeting # 1, 5:30 PM, Thurs. 8-26-2010, Grand County Library

Welcome to the Grand County General Plan Update working group. Your commitment to participate is appreciated by us at RPI Consulting and by the county because we need your help to create a balanced, well-supported and pragmatic plan for the future.

Each meeting will require some preparation on your part. I will get information out to the group at least three full days before the meetings as .pdf attachments to my emails. I will run each meeting assuming that the members of the group have done most of the reading, so do your best to prepare for each meeting. Always feel free to contact or call me anytime (see letterhead for contact info). I look forward to working with you all.

AGENDA

- Group introductions
- What is a general plan?
- Process overview
- Set work group meeting schedule
- Review vision statements/key pad polling results
- Introduce and discuss Healthy, Diverse Economy plan element

PREPARATION
