The Utah Sudden Cardiac Arrest Survival Act (H.B. 31) requires a person who owns or leases an Automated External Defibrillator (AED) to report certain information including the location of, or removal of, the AED, to the emergency medical dispatch center that provides emergency dispatch services for that area, within 30 days of acquisition of the defibrillator. The act provides for expiration of the AED statewide database on September 1, 2009, and replaces it with local systems operated by emergency medical dispatch centers, meaning a public safety answering point (PSAP); referred to in Grand County as the Grand County 911 Dispatch Center. The Grand County 911 Dispatch Center may disclose the exact location(s) of the closest AED if a medical need arises. Fax completed forms to (435) 259-1364 or mail form to Grand County Dispatch, Attn: Jenny Tuft, 125 E Center, Moab, Utah 84532. Phone: 435-259-4321. Email: jtuft@grandcountysheriff.org.
